In-school educational support for kindergartens, nursery schools, and children's schools

Education services for infants Shogakukan's infant classroom Dora Kids

Since 1986, the company has been offering preschool classes for infants and toddlers from the age of one at major department stores and commercial facilities nationwide, and in April 2021, launched the Dora Kids Online Course, an interactive educational service.

As a classroom where children who will live in the future can develop the ability to carve out their own future, so-called "non-cognitive ability", Dora Kids provides opportunities for proactive learning through repeated experiences that engage the mind while interacting with others in a group setting.

Infant classroom collaboration with MIKI HOUSE

In collaboration with MIKI HOUSE, a children's clothing company, we offer preschool classes at famous department stores nationwide. Through fun and enjoyable learning, we nurture "the ability to solve problems in a positive manner (Ganbaru Brain)" and "the ability to build pleasant relationships with others (Harmony of Heart)".

We also offer courses for elementary school entrance examinations in cooperation with "MIKI HOUSE EIKAIWA CLUB", where students learn from pair-teaching Japanese and native English speakers, and "Rieikai", which has a reliable track record of success. (Not available in all areas)

For kindergartens, nursery schools, and children's schools In-school educational support

Specialized teachers visit kindergartens, nursery schools, preschools, and international preschools to provide regular and extracurricular early childhood education. We respond to the educational needs of parents and the differentiation that preschools seek to achieve in their local communities.
